ARRIVES UNTRIMMED.
CUT TO THE INSIDE OF THESE MARKS:

All Red Disk wallpapers are hand silk-screened by Buffalo, NY artisans, using LEED certified C2 Paints. The substrate is a low VOC emitting, non-pvc product made with (non-woven) wood pulp/natural fiber technology containing FSC sourced materials. Class "A" fire rating in a highly breathable (increases resistance to mold and mildew in high humidity environments) recyclable wall covering. Stain resistant and wipeable.
